UPCOMING EVENTS

Dear SHOJ Families:

This Sunday is the last weekend of the church year and celebrate the feast of Christ the King. This feast was instituted during a time when real kings needed a role model to follow. The Gospel was telling about when Jesus was on the cross and one of the two being crucified with him verbalized that Jesus did not deserve to be put to death. Even on the cross, Jesus was a king who was fair and forgiving. His grace we cannot earn, but are given freely.

The next weekend the new church year begins. We start with the first Sunday of Advent on Dec. 1. This would be a great time to focus on what we believe the Holidays really celebrate. Make an effort to attend Mass each weekend during the time of preparation for our Lord. The four Sundays of Advent help us to prepare to celebrate the coming of Jesus, the Word made flesh for our salvation. Advent reminds us that Jesus is coming again at the end of time, and so we must prepare for that as well.

These will be busy days. The teachers are trying to get everything covered that needs to be done in the second quarter of school. There will be extra activities such as the Christmas store. We will need extra rehearsal time for the Christmas program. We will attend the sacrament of reconciliation. We know that other things will come up as well. It will be a challenge to find the peace and quiet to prepare our hearts for the coming of Jesus. It is often easier to busy ourselves with preparations for the days to come.

I once got the advice to make short-term sacrifices for long-term gains. I can't think of a better time to put this into action than during Advent. Our season of making sure that we are awake and prepared. "You know the time; it is the hour now for you to awake from sleep. For our salvation is nearer now than when we first believed." Romans 13:11

Plan now to make time to prepare for Jesus during Advent.

Be the Light!

Mrs. Rhodes

The SHOJ Staff would like to thank CPS for the surprise goodies that were delivered the other day. We appreciate all you do for us!

Near and Dear Day - Tuesday, Nov. 26th

Mark your calendars! Near and Dear Day is Tuesday, November 26th.

Grandparents, parents or other special guests are invited to join the Sacred Heart students for 8:15 am Mass followed by coffee and donuts in the school and a visit to the child's classroom.

PLEASE NOTE! - Name Tags will be required

Guests may want to arrive at church a little early, as they will be asked to put on a nametag.

They will be seated somewhat alphabetically, with As on the left and Zs on the right when you are looking at the Sanctuary.

Plan ahead with your visitors and students to help them find the section of the church they will be sitting in. If guests aren't going to Mass, they will need to get a nametag at the main entrance of the school (all guests should have a nametag on at all times) and meet the students in the gym for donuts. **Guests need to sign out each student from their classroom if they are going to leave with them.**

SHOJ Fund a Need

If you were unable to attend Brown Bottle this year and would still like to make a donation to our Fund a Need, please use the wufoo link below.

Staff and Priests

*Let's show our appreciation to our dedicated teachers, staff,
and priests this Christmas Season!*

Instead of individual gifts, please donate to the 2019 Christmas Fund. Money will be divided among school staff and priests and a monetary gift will be presented to each person on staff prior to Christmas. The staff and priests are sure to appreciate your generosity!

*Please complete the bottom portion of this sheet marking how much of your gift is designated for staff and how much for the priests. Send your contribution (cash or check made out to Sacred Heart) along with the completed bottom portion to the Church or School office in an envelope by **morning drop off on December 11th**.*

For students in grades 1 through 8, the CiY Coding Club is for anyone interested in developing the next great app or game. Become creators, not just consumers! New this year are longer sessions and parent visit scheduled for the last 15 minutes of the last club!

Coders will explore multiple programming concepts and tools from the basics to application development as they level-up through various activities to become proficient in game design, website design, 3D printing, robotics, HTML/CSS, JavaScript and more! All of the activities are structured in such a way that will allow coders to take their accounts home to continue to improve their skills.

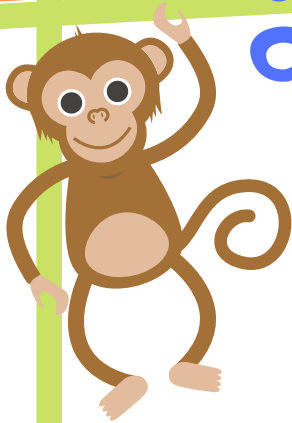

Those enrolled in the ScopeIT Special will work on projects in a MakerSpace environment to further develop their skills.
