## UPCOMING EVENTS

Dear SHOJ Families:

As we finish the first semester of school and enter into Christmas, I wanted to take this opportunity to let you know that I will continue to keep you in my prayers throughout the season.

Often with the hustle and bustle of what society wants us to believe Christmas is all about, I thought I'd share this drawing of the Holy Family from one of our kindergarteners reminding us what the season is really about.

Be the Light!

Mrs. Rhodes

For students in grades 1 through 8, the CiY Coding Club is for anyone interested in developing the next great app or game. Become creators, not just consumers! New this year are longer sessions and parent visit scheduled for the last 15 minutes of the last club!

Coders will explore multiple programming concepts and tools from the basics to application development as they level-up through various activities to become proficient in game design, website design, 3D printing, robotics, HTML/CSS, JavaScript and more! All of the activities are structured in such a way that will allow coders to take their accounts home to continue to improve their skills.
