Dear SHOJ Families:

Since, then, you have been raised with Christ, set your hearts on things above, where Christ is, seated at the right hand of God. Set your minds on things above, not on earthly things. (Colossians 3:2).

I have heard that these Stay at Home days will one day be our children's "walking a mile to school, uphill both ways, in the snow" days. As I think of previous April newsletters I would have written about things like graduation plans, field day, year book signings, field trips, etc. These are strange times for sure. Fr. Pat and I have been talking about how to ensure these things happen when it is safe to do so, until then we have to manage with where we are.

Mrs. Tinker's video this week is about grief. There are common stages to grief that are identified as denial, anger, bargaining, sadness and acceptance. Finally, we will find meaning. All these emotions are going to flow through us and all those around us. Some days, it seems they all happen in one day. This can be hard for children.

I am reminded of a lesson I learned early as a parent. A child that went to the same home day care as my boys, died unexpectedly. I was talking to my son's preschool teacher about it and her advice has helped me over the years. She said to just answer the questions that he asks. My heart was broken for the mom and I imagined all that she would miss. Kids often don't think that far into the future. The longer this continues the more questions they will have.

Take the questions as they come. Talk about what we can control. During this Easter season, God has shown us His plan for joy. Take care of yourselves and each other.

Be the Light

Mrs. Rhodes

Having Some Technology Trouble?

Technology Tutorial Videos

Chrome Browser Issues: <https://vimeo.com/408094697>

If you are trying to manage multiple users or google accounts on a SINGLE device, you may want to watch this video. "Chrome Sign-in" is a feature that while convenient for ONE person using ONE account on a device, it can cause lots of undue trouble if you have more than one google account you are working from on a single device. This video can help

For Parents:

Google Classroom Guardians: <https://vimeo.com/408098011>

This video gives a basic explanation of the Guardian Invitation to Google Classroom. This invitation does not provide full access to your student's Google Classrooms, but it will provide a weekly email update. You can change the frequencies of the email by creating a google account.

For Students:

Gmail Tutorial: <https://vimeo.com/408095447>

If you are having difficulties figuring out Gmail, check out this video. You will learn how to open your Gmail, create emails for your teachers, and how to attach documents.

Google Classroom Intro AND Finding Lost Classwork: <https://vimeo.com/408096846>

If you were working on a class assignment and it was accidentally removed from the assignment page and you cannot turn it in, check out this video! It will help you find lost work and re-attach

KAMI Assignments: How to Open and Submit: <https://vimeo.com/407747060>

Some teachers are starting to include assignment with PDF attachments for you to open, annotate, or write on, and submit back. Mrs. Pendergast has a great video explaining how to use KAMI. You may need to download the chrome extension from the Google Chrome Store. Be sure to ask your parents if you are using a family owned device.
